

## Education Service in Italy

Bachelor degree in Italy is 3 years for most of the specialisations, except of medical specialisations is 6 years.

Public Italian universities offer study in Italian and English, but most of majors are in Italian.

The Italian education system requires the completion of at least 12 years of study, which can be achieved with a secondary school certificate only. but the old education system in Sudan is 11 years, the sum of Primary and secondary stages. Therefore, it requires studying at least one year of university and requesting a certificate of academic details after completing it, or studying a preparatory year in Italy. Holders of Arab and foreign certificates that meet the 12-year requirement are not required to take an additional year.

## Study medicine and surgery?

Medicine available in English and Italian. The duration of study is 6 years. Study is available in English in some number of public universities. There is an admission exam (IMAT) for medicine major and a large number of students sit for the exam every year.

Our institution (Bella student consultancy) will apply for the exam (IMAT) and pays the exam costs. And it will provide Guidance, assistance to the student. He/she will get the most benefit from our specialized (IMAT) education consultant, and also previous exams are provided but the passing of exam depend on the student.

## Application requirements?

- Secondary school certificate
- A copy of the Passport as proof of identity
- Certificate of completion of a university or preparatory year.
- English or Italian language certificate (depending on the study program)
- Sit for the entrance exam (only if required by the university).
